

Family Night Tie Dye/Games

Clark's Point

Tie Dying

The students had a lot of fun picking a design to tie dye. They then helped to rubber band their shirts in preparation for dyeing.

They picked the colors they wanted to use and then either applied the colors, or directed one of the teachers where they wanted the color.

After applying all the color, the shirts were placed in a bag to continue to absorb the color for 24 nights. The shirts would then be rinsed and washed before the students get to take them home.

Migrant Students having a snack and playing games.

Games

We had a variety of games including Mancala, SkipBo, Phase 10, Perfection, Guess Who, Sorry, Trouble, Apples to Apples, Connect 4, Yahtzee, UNO, Cribbage, Battleship, Chess, Lightning Reaction, Operation and Kids Against Maturity.

Everyone had a great time moving between the tables trying all the games.
