

Aleknagik Bake Off

Migrant Ed Night 2

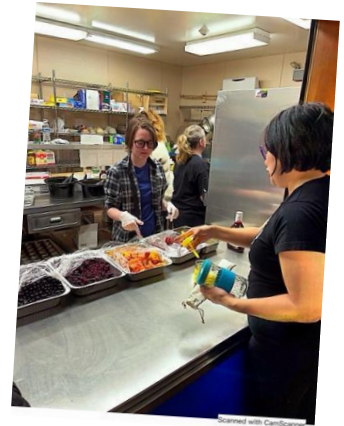

April 6, 2022

Baking Challenge

Our Migrant Education Night started off with a baking challenge. The three oldest students were given the task of deciding (amongst themselves) which dessert they would like to prepare and bake for the challenge; brownies, pound cake, or banana bread. Once the team leaders decided on their dessert they were sent to their baking stations and their team mates were delegated to them. The teams were each given a recipe and one hour to prepare their desserts and get them into the oven. They're final task was to time them and get them out of the oven as the recipe instructed.

Dinner and Dessert

As the kiddos desserts baked we moved everyone into the gym for dinner. Later that evening we wrapped up the event with fresh made smoothies for everyone.

Door Prizes

Upon arrival each parents name was individually written and placed into a raffle bucket. Before we invited everyone to line up for smoothies we drew 2 names. Those two parents were selected to win door prizes for the evening. Our contest winners also chose a prize from our prize table.

Challenge Winners!

The baked goods were ranked by a panel of three judges, based on texture and

flavor. Coming in first team

Third place went to our banana bread team! Super proud of all of our kiddos for showing attitudes of responsibility, focus, teamwork, helpfulness, kindness, and maturity during the competition.
