

Ready, Set, Read!

Manokotak Family Night Literacy Kits

Read & Bake 🍪

In this first activity the students and their families had the opportunity to read a book together with a fun cookie recipe at the end of it. This cute story follows a mouse who is making cookies with her grandma. 🐭

🎯 Deck the Halls

Complimentary to the cookie story, we sent home some sugar cookie mixes as well as cookie decorations, such as holiday sprinkles and decorative icing. 😊

ELA in Action 🧑🏻‍🎓

Another piece of the go-home kits were the holiday Mad Lib books. This encourages active family engagement and use of language arts skills during these fun stories.

Literacy Night

As COVID-19 continues to impact our daily educational pursuits, we continued with at home family night kits. In this Christmas themed literacy package, families will find an engaging book with a recipe to follow. Additionally, all the ingredients and decorations to create the delicious treats they read about were provided, all to do from the comfort and safety of their own home. This migrant education family night combines literacy, math, and art to have a fun and interactive Christmas evening with the family.
