

William “Sonny” Nelson School - Ekwok Family Night

Wednesday, March 17 @ 5:30 pm

Family Dinner

Families tables allowed the school to serve a meal and provide welcome activities in the form of art projects, simple construction, worksheets and coloring pages. Hamburgers, chips, beverage and ice cream sundaes were served. The them was ocean life including Coral Reefs and Australia

Family art and learning activities before dinner

Construction Time

For STEM night, Kiwi kits were available for youth selections. Participants built a rocket, an air hockey game, a motion picture machine, and a pizza oven with mechanical components. Students took the initiative, but parents and grandparents were nearby to offer assistance when needed. The multi-generation participation highlighted family and community connections.
