

KOLIGANEK MIGRANT EDUCATION FAMILY NIGHT

WEEK OF APRIL 5TH - 9TH

FAMILY LEGO CHALLENGE

Family Lego Challenge

The Migrant Education Students of Koliganek School were given the chance to participate in the Family Lego Challenge. Each Migrant Ed student received an age appropriate lego set. The challenge was for the students to follow the step by step directions to complete the lego set. The students also received a variety of snacks to help them get through the task. The parents were asked to submit pictures of their child or children and their completed Lego set to complete the challenge. Parents and students commented positively to this challenge.

Door Prizes

All families who sent pictures of their family game night were entered into a drawing for door prizes. Our door prizes consisted of a grill, an instant pot and a tea kettle. Door prizes were drawn on April 12th!
