

## TOGIAK MIGRANT BOX

# SPRING MIGRANT EDUCATION

## LEGO S.T.E.M. Box

This year's Migrant Education families received a Spring box of appropriately sized LEGO's (according to age and number of students in the household) and a LEGO idea book! This box was designed to help students with their problem solving skills, critical thinking skills, and it is also a lot of FUN! Students were very excited to receive their LEGO boxes! They were all the rage amongst the entire school! Young and old were eager to take home their box!
