

TWIN HILLS SCHOOL MIGRANT EDUCATION NIGHT JANUARY 2020

Frosty's Big Day STEMventure

Students went on a STEM adventure with Frosty the Snowman! Students read a Pick the Path story and chose the activities Frosty should do with his limited time being alive. Based on their choices, they completed different STEM challenges with provided materials. Students completed challenges such as building a sled for Frosty, a snowball launcher, a whistle, a hammock, a fan, a suitcase, and their own snowman!
