### PUBLIC COMMENT

After School Tutor - the students are improving on their school work like with math and reading. Marlene and Buck are doing a great job with the students during After School Tutor and they enjoy helping them. They have a program on the computer for the students, students could also do the program at home if they have a internet.

Basketball - The students are doing good during basketball practices, they're getting better at playing basketball, but they have to work as a team. Buck is also going to use the gym during Christmas break for the students to have practice, but he'll only open the gym on Mondays-Fridays. The kids play better as a team when they play against the older kids, so they'll be able to play scrimmage against them for about an hour after they practice drills.

### CSC COMMENT

Positive Action program - students have done good on grades and behavior. This program is about No Child Left Behind Act, and it's also good for parenting class.

### Lead Teacher/Principal's Report

As you can see, I have moved my office and also made this my classroom for math.

The Thanksgiving Feast went very well with over 50 people attending.

I had a Principal's meeting in Dillingham on December 5<sup>th</sup>. We discussed the current issues including the proposal that the state is putting more money into education.

The entire staff has been doing a fantastic job this year. Peter is having to put in more hours as we are running the school generator 24/7 until the city's generators are back up and running.

The school's Christmas program is scheduled for tomorrow followed by a potluck. Since the children have been so good this year, we can expect a visit from a jolly old elf as well.

Our Christmas vacation will begin on December 24<sup>th</sup> and end on January 4<sup>th</sup>. There are inservices scheduled for January 7-10 and a workday on the 11<sup>th</sup>. School for the students will resume on January 14<sup>th</sup>.

Melissa will begin her maternity leave on December 17<sup>th</sup>. Donna Louks will begin substituting for her on January 7<sup>th</sup>.

Buck will be taking over coaching basketball until Jason gets back in late January or early February.

## CSC BOARD NOTES 12/13/2007

### Mrs. B's Classroom

There is not much to say, as school has been the regular curriculum this month. We are nearing the quarter's end and students are working to finish their quarter's reading book assignment.

Students are doing better in spelling with the help of our tutoring program.

Everyone has been working very hard on the Christmas play. This effort crosses the Language Arts curriculum for grades. They practice the skills needed in public speaking as well as voice projection. They learn how to memorize lines and how to say them in front of an audience, all much needed areas of public speaking. They also learn the technical aspects of play production. This year we brainstormed this story and the class actually helped me write the dialog as well as some of the action.

We again have salmon eggs and Mr. B is incubating them for a projected hatching date of some time in late January or early February.

Ms. Moede's K-4<sup>th</sup> gr. Report for  
CSC Meeting on December 13, 2007

We have been busy practicing for the play and making Christmas crafts, but still working on our math, reading and spelling.

I will be leaving this Saturday on my maternity leave and I have been busy getting things ready for the sub., who will be taking over while I am gone.

We are also planning our basketball tournament for the last weekend in February. Jason and I will be back on Feb. 4 and will continue with coaching then.
