Subject: Employee of the Month

It is my pleasure to nominate Melody Noden who has been a valuable member of Aleknagik school for a very long time (1995 off/on) not to mention that she was also an 8th grade graduate 1991. She is currently employed as a bicultural/sped aide who has so graciously taken on the role of substituting for the Primary teacher (during our transition time for this position). She has been so unselfish with her time to ensure that we provide good quality education and a positive learning environment for our primary students. Her positive attitude and love of children are reflected in her outstanding classroom management. Her enthusiasm, innovation and genuine concern of the students are evident with the positive attitude of the student. We are so fortunate that she has spent many, many years at Aleknagik school and is familiar with the curriculum, materials and classroom protocol. Thus providing a strong Primary classroom.

Thank you, Melody for stepping in during this time and demonstrating that the experience you have gained over the years are reflected in a classroom that will make the transition easier for an Incoming Primary teacher. Quyana cakneq!

January 22, 2008

To: Whom it May Concern

I'd like to nominate Aleknagik's Special Education teacher, Jeanne Soles as the Employee of the month for January 2008.

Jeanne is a pleasure to work with; she is professional and very knowledgeable in her work as a SPED teacher. I can always count on Jeanne to respond to any e-mail or phone requests; for paperwork, Jeanne always responds promptly & courteously. Jeanne's organizational skills assist in her being an efficient team member for SPED.

I appreciate working with someone as professional, dedicated and hard working as Jeanne. Please consider her for employee of the month.
