That we are telling them that they can only use it if it's an emergency, because the children are wanting to call their parents to tell them that they forgot their water bottle at home. Sharon Clark said that it is in our policy and that we need to enforce the policy, and that we are in the right.

**VII. Student Council Report:**

**I. Student Council:** Samuel Clark, Samantha Clark, Kayla Wassily/Walker attended the meeting to present their report. Samuel said that Ladonya George has resigned from the secretary and Kayla is now the secretary. They presented their November Calendar for the board to review. Sharon Clark said that instead of having the Dance Dance Revolution on the 17th, and the Turkey Shoot on the 21st swap the fundraisers, and have a Saturday School on the 17th, and have no school on the 21st. The kids and the staff were all in agreeance. We have raised \$290.38 for the Halloween Carnival. That is with all the deductions for the prizes and food. At the family craft night we made \$149.00 which was all profit. Samuel thanked Aurora for the donation of the beautiful grass basket. The kids will start selling raffle tickets later this week. Cost will be a flat \$5.00 per ticket. Samuel read a letter from the bank regarding check signers. Per the bank since we go through the District with our account, we are not able to have minors as checksigners. We are making a deposit tomorrow for a total of \$1778.40. As of tomorrow after the deposit we should have approximately \$3500.00. Sharon told the children that last year they did a weekly 50/50

split the pot raffle, and that it was an excellent source of income. The board thanked the students for their report.

**V. Guest Present:** Margaret Gardiner, Rebecca Coleman, Michelle Schneider, Dennis Schneider, Samuel Clark, Samantha Clark and Kayla Wassily/Walker.

**VI. Public Comment:** Samuel Clark asked the board for more recess time, because the little guys have a longer recess than the older class. Michelle Schneider addressed him and said that the younger kids have a shorter attention span than the older kids. Samuel Clark then asked why they don't get free time in the morning in the gym. Anthony Clark said that in the cities that the schools have a paid person to open the school from 6:00 A.M. until school starts. Rebecca Coleman, said that is not true, as she worked in the Anchorage School District. There is a breakfast program that Title I which is Federal, services qualified families. She also addressed Samuel and told him that it is something that she will be deciding with the lengthening of the school day. Margaret Gardiner said that her children had attended school in Anchorage, and that no matter what the weather may be, be it -50 below the kids still have to wait outside until the bell rings at 8:30 and the doors are opened. She then addressed Samuel and told him that it was something that she had done in the past, was to come to school at 8:00 A.M. and volunteered to watch the children in the gym until school started. Rebecca said that she or Michelle opens the school doors at 8:15 A.M. Sharon Clark said that she had public comment. She has heard many complaints, by several employees, and is wondering if these complaints are being resolved through the proper chain of command. I have also heard that food items are missing from the kitchen, and is that being looked into. I will not place a burden on any one person, and that it is my job duty and responsibility as a CSC Member to make sure that our children receive a respectful quality education. Classified staff should address their problems to the Lead Teacher and that if the issues go unresolved then the CSC will take action, and that if there is problems with the Certified Staff, it will be taken care of in executive session, but reminded all staff in attendance to follow the proper chain of command. I would like to remind all of you here that we are here in the best interest of our children, and that we are to give them the best education in a respectful manner.

Sharon Clark said that the Village Council may be able to contribute funding to the school trip through the BBEDC funding, the same funding that funded the AFN Trip. Betty M. Wassily said that if you call Pen Air's Anchorage office and ask for group rates they do give them to you upon request.
