Clark's Point, AK 99569

February 16, 2023

Dear Parent(s)/Guardian(s),

The Alaska Department of Education and Early Development (DEED) recently released the index scores and designations for every school in Alaska. This will be the first new Index Score since the 2018-2019 school year. It is important to note that the index score is based on 2021-22 data.

**The 2021-22 designation for Clarks Point school is Universal Support with an index value that is not applicable because there are too few students in the school to calculate an index value and to protect the identity of the students.**

There are three possible school designations and every public school in Alaska will receive one of these designations including:

- Comprehensive Support and Improvement (CSI) i.e schools needing overall improvement
- Targeted Support and Improvement (TSI) i.e. schools needing targeted improvement
- Universal Support i.e. all other schools not identified as CSI or TSI

The designations are based on a number of indicators including academic growth, academic achievement, chronic absenteeism, Grade 3 English language arts proficiency English Learner progress, and graduation rate. You can get more information about your school on the Alaska state website (see below):

- For school designation: <https://education.alaska.gov/akaccountability>
- For school assessment data: <https://education.alaska.gov/assessments/results>
- For school report to the public: <https://education.alaska.gov/ReportCardToThePublic/>

It is important for our school to continue to improve and provide a quality education for all students. Parents and community members are invited and encouraged to continue to work with us in this process. If interested, please contact the principal.

Sincerely,

Angelia Kelly

## Measures Combine into Index Score

Each indicator noted in the table to the left is given a score for the school. Note: ELA and Math Growth are not part of the 2021-22 Accountability system.

In addition to looking at the whole school, each student group in a school is measured in the areas listed in the table to the left. These scores are combined and the student group is given a score.

## How is my school designated for support?

Each year an overall school index value is calculated for each school and a school designation is assigned. There are three school designations for Alaska's schools:

- **Comprehensive Support**
  - **Lowest 5%** - If the overall school index value of a school falls in the lowest 5% of Title I schools, that school receives a designation of Comprehensive Support (Lowest 5%).
  - **Graduation Rate** - If a secondary school has a graduation rate of less than or equal 66.67%, that school receives a designation of Comprehensive Support (Graduation Rate).
- **Targeted Support** - If a school has any student groups with index values under the Comprehensive Support (lowest 5%) threshold, that school receives a designation of Targeted Support.
- **Additional Targeted Support** - Schools that are TSI for the same student group three years in a row.
- **Universal Support** - All other schools are considered Universal Support schools.

## Which student groups are measured?

- African American
- Alaska Native/American Indian
- Asian/Pacific Islander
- Caucasian
- Hispanic
- Two or More Races
- Students with Disabilities
- English Learners
- Economically Disadvantaged

## What are some questions I could ask my school?

Where can I find more information about how my school is performing?

What supports are being provided to my school based on its designation?

What opportunities are available for me to be involved in my student's education?

## What is the TSI Performance Threshold in 2022?

The lowest 5% of Title I schools have index scores ranging from 0 to 6.21.

- If a school is Title I and has an overall school index score of 6.21 or lower, it receives a designation of **Comprehensive Support (Lowest 5%)**.
- If a school has any student group with an index score below 6.21, the school receives a designation of **Targeted Support**.
