

DISTRICT REPORT CARD for 2015-2016 SCHOOL YEAR

District: Southwest Region School District

Note: This District Report Card presents information about the district’s performance for the 2015-2016 school year. The Alaska Measures of Progress tests in English language arts and mathematics were given for the first time in spring 2015. In the spring of 2016 the computer-based test experienced repeated technical disruptions and testing was suspended. Effective April 1, 2016, the Alaska Measures of Progress (AMP) in English language arts and mathematics for students in grades 3-10; alternate assessments in those subjects and grades for students with severe cognitive disabilities; and science tests in grades 4, 8, 10 were canceled for the 2015-2016 year. Due to this unforeseen circumstance, student test results are not able to be reported in the 2015-2016 School Report Card.

Due to the passage of the Every Student Succeeds Act (ESSA) that replaced the federal No Child Behind Law, Accountability Indicator reports have been “paused” until the state implements a new accountability system.

More information about the accountability system for schools can be found on the Department of Education & Early Development website at: education.alaska.gov.

The percentage of teachers in the district teaching with an Emergency Teacher Certificate is 0%. Alaska does not issue emergency certificates to teachers.

Additional information on teacher qualifications, including type of certification and college degree(s) is available from your school or district upon request. You may also request information on whether your child is provided service by paraprofessionals and, if so, their qualifications.

National Assessment of Educational Progress (NAEP)

The National Assessment of Educational Progress (NAEP) is the only national test of what students know and can do. The Elementary and Secondary Education Act requires state participation in NAEP reading and mathematics assessments in grades 4 and 8 every other year so that NAEP can serve as the common measure of student achievement.

NAEP does not test each fourth or eighth grader in the state. A representative sample of schools is chosen to participate in the NAEP. No NAEP individual results are given for students or schools; only statewide results are reported. NAEP scores can be used to compare Alaska to the nation and to other states.

NAEP assessments are designed to assess NAEP standards, also known as NAEP frameworks. NAEP does not assess students on the Alaska English Language Arts and Mathematics standards. More information about the NAEP in Alaska can be found at <http://education.alaska.gov/tls/assessment/naep.html>.

There are three achievement levels for each grade assessed by NAEP: Basic, Proficient, and Advanced. Proficient on the NAEP indicates students “have demonstrated competency over challenging subject matter.” The following definitions apply to all subjects and all grades assessed by NAEP:

Achievement-Level Policy Definitions	
Basic	Partial mastery of prerequisite knowledge and skills that are fundamental for proficient work at each grade. Students who do not reach this level of proficiency are reported as Below Basic.
Proficient	Solid academic performance for each grade assessed. Students reaching this level have demonstrated competency over challenging subject matter, including subject-matter knowledge, application of such knowledge to real-world situations, and analytical skills appropriate to the subject matter.
Advanced	Superior performance.

The tables on the following pages show how Alaska students’ scores on the NAEP assessments compared to public school students’ scores nationally. In addition to the three defined NAEP achievement levels there is a ‘below-basic’ data reported level. This level indicates any member of a subgroup who was assessed but did not meet the set cutoff score for each test type.

Note: The most current NAEP data available at the time of this report are from 2015. NAEP will be given again in spring 2017. NAEP data are available on the Department of Education & Early Development website at: <http://education.alaska.gov/tls/assessment/naep.html>.

Schools Designated as Priority, Focus, or 1- or 2-star Schools

For 2015-2016, there are no Alaska School Performance Index (ASPI) reports. Due to the passage of the Every Student Succeeds Act (ESSA) that replaced the federal No Child Behind Law, these ratings have been “paused” until the state implements a new accountability system. The ASPI star ratings and school designations as Priority, Focus, or 1- or 2-star schools reported below are the same as those from the 2013-2014 school year.

Percentage of District Schools receiving 1 or 2 Star Rating in 2013-2014:

29%

School Name	ASPI Star Rating 2013-2014	Priority or Focus School	Title I School (Yes/No)
Togiak School	1-star	Focus	Yes
Twin Hills School	2-star	NA	Yes

Students with Disabilities	No		90.48%	91.65%
English Learners	No		83.64%	90.39%

The attendance rate target is 95% for the district as a whole and each subgroup with at least five students enrolled.

Subgroup	Met Target?	Graduation Rate					
		Four-Year			Five-Year		
		School	District	State	School	District	State
All Students	No		48.65%	76.08%		69.23%	80.79%

Students with Disabilities	No		0.00%	53.78%		50.00%	65.82%
English Learners	No		53.85%	54.52%		60.00%	64.62%

The graduation rate target is 90% for the district as a whole and each subgroup with at least five students enrolled. A district or subgroup with 10 or fewer students satisfies the graduation rate requirement if all but one of those students graduate. A district meets this target if either the four- or five-year rate meets these criteria.
