## Annual Notifications - For the School Year 2017-18

ESSA reauthorizes the Elementary and Secondary Education Act of 1965 (ESEA) and will replace No Child Left Behind (NCLB) and Alaska's current NCLB Flexibility Waiver. Alaska's transition to and implementation of, ESSA will be a thorough and thoughtful process informed by meaningful consultation with state and local education stakeholders.

ESSA requires that State Educational Agencies (SEAs) develop a State Plan addressing three components: Standards and Assessments; School, District, and State Accountability Systems; and School Support and Improvement.

The Alaska Department of Education is working with a diverse stakeholder group during the 2016-2017 school year to develop an accountability system and system of support for Alaska's schools. Your input and the input of tribal organizations is welcomed as EED works through developing regulations for Alaska to address ESSA.

Learn more about ESSA at: <https://education.alaska.gov/akessa/#c3gtabs-overview>.

# Other Important Information

## Request Teacher Qualifications

You have the right to request information regarding the professional qualifications of your child's teacher(s). If you request this information, the district or school will provide you with the information regarding state licensing and highly qualified status of the appropriate personnel. Please contact the school if you would like to request this information.

## Schoolwide Title I Program Eligibility

Consent before students are required to complete a survey that concerns one or more of the protected areas: political affiliations, mental or psychological problems, sex behavior or attitudes, critical appraisals of others of close family relationships, legally recognized privileged relationships, religious practices or affiliations, income other than is required by law to determine program eligibility, and illegal, anti-social, self-incriminating or demeaning behavior.
2. Receive notice and an opportunity to opt a student out of any other protected information survey, regardless of funding; any non-emergency, invasive physical exam or screening as a condition of attendance administered by the school or its agent not necessary to protect the immediate health and safety of a student, except for hearing, vision, or scoliosis screenings, or any physical exam or screening permitted or required under State law; and

# Family Educational Rights and Privacy Act

The Family Educational Rights and Privacy Act (FERPA) affords parents and students over 18 years of age ("eligible students") certain rights with respect to the student's education

records. These rights are:

1. The right to inspect and review the student's education records within 45 days of the day the school receives a request for access. Parents or eligible students should submit to the school principal [or appropriate school official] a written request that identifies the record(s) they wish to inspect. The School official will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected. A copying fee will be charged in the amount of \$ 0.10 per page if copies are desired.
  2. The right to request the amendment of the student's education records that the parent or eligible student believes are inaccurate or misleading. Parents or eligible students may ask the school to amend a record that they believe is inaccurate or misleading. They should write the school principal [or appropriate official], clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading. If the school decides not to amend the record as requested by the parent or eligible student, the school will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing
- procedures will be provided to the parent or eligible student when notified of the right to a hearing.
3. The right to privacy of personally identifiable information in the student's education records, except to the extent that FERPA authorizes disclosure without consent. A school official is a person employed by the School as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the School Board; a person or company with whom the School has outsourced services or functions that it would otherwise use its own employees to perform (such as an attorney, auditor, medical consultant, or therapist); a parent or student serving on an official committee, such as a disciplinary or grievance committee; or a parent, student or other volunteer assisting another school official in performing his or her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.
  4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the school to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are:

Upon request, the district discloses education records without consent to officials of another school district or institution of post-secondary education where the student seeks or intends to enroll, or is already enrolled, if the disclosure is for purposes of the student's enrollment or transfer.

By September 15 of each year, the district will provide to the University of Alaska a list of names and addresses of students in the graduating class who meet scholarship eligibility requirements for each scholarship program. Release of a student's name to the University of Alaska will not be made if the parent or eligible student objects. An objection should be made in writing to the school principal.

By July 15 of each year, the district will transmit to the Alaska Department of Education and Early Development an electronic version of each graduating student's permanent record that describes the student's eligibility for the Alaska Performance Scholarship Program.

By January 15 and July 15 of each year, the district will provide to the Alaska Military Youth Academy, a report containing the name, address, and dates of attendance of prior students ages 15 through 18 who appear no longer enrolled in any educational institution and who have not received a diploma or GED. Release of a student's information to the Alaska Military Youth Academy will not be made if the parent or eligible student objects. An objection should be made in writing to the school principal or through the parent portal in PowerSchool.
